

allocation::check\_type  
\_and\_precision

```
graph LR; A[allocation::InternalExec] --> B[allocation::check_type_and_precision]
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'allocation::check\_type\_and\_precision'. The box on the right is white with a black border and contains the text 'allocation::InternalExec'. A dark blue arrow points from the right side of the white box to the left side of the gray box, indicating a call or relationship between the two.

allocation::InternalExec
