

vcd\_trace\_head::advance

vcd\_utility::Exec

```
graph LR; A[vcd_utility::Exec] --> B[vcd_trace_head::advance];
```

The diagram illustrates a function call. A box on the right, labeled 'vcd\_utility::Exec', has a blue arrow pointing to a box on the left, labeled 'vcd\_trace\_head::advance'. The 'vcd\_trace\_head::advance' box is shaded gray, while the 'vcd\_utility::Exec' box is white. Both boxes have a black border.
