

AllocationInformation
::estimate_call_delay

add_library::InternalExec

```
graph LR; A[add_library::InternalExec] --> B[AllocationInformation::estimate_call_delay];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'AllocationInformation' on the top line and '::estimate_call_delay' on the bottom line. The box on the right is white with a black border and contains the text 'add_library::InternalExec'. A dark blue arrow points from the right side of the white box to the left side of the gray box, indicating a call or relationship from the function in the white box to the function in the gray box.
