

```
datapath_parallel_cs  
::connect_i_module_kernel
```

```
graph LR; A[datapath_parallel_cs  
::InternalExec] --> B[datapath_parallel_cs  
::connect_i_module_kernel];
```

A diagram showing a call from `datapath_parallel_cs::InternalExec` to `datapath_parallel_cs::connect_i_module_kernel`. The call is represented by a blue arrow pointing from the right box to the left box.

```
datapath_parallel_cs  
::InternalExec
```
