

null_node::null_node

```
graph LR; A[null_node::null_node] --> B[null_node::visit]
```

A diagram showing a pointer relationship. On the left, a gray rectangular box contains the text 'null_node::null_node'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'null_node::visit'.

null_node::visit
