

fu\_binding::is\_assigned

```
graph LR; A["module_binding_check::initialize_structures"] --> B["fu_binding::is_assigned"]
```

A diagram showing a call from the function `module_binding_check::initialize_structures` to the function `fu_binding::is_assigned`. The call is represented by a blue arrow pointing from the right box to the left box.

module\_binding\_check  
::initialize\_structures
