

liberty_model::xwrite

```
graph LR; A[liberty_model::xwrite] --> B[xml_child::add_child_element]
```

A diagram showing a call from the function `liberty_model::xwrite` to the function `xml_child::add_child_element`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

xml_child::add_child
_element
