

```
std::binary_function  
< vertex, vertex, bool >
```

A diagram illustrating a relationship between two C++ function objects. A light gray box at the top contains the text 'std::binary_function' followed by '< vertex, vertex, bool >'. A dark gray box at the bottom contains the text 'compare_vertex_by_name'. A red arrow points vertically from the top of the bottom box to the bottom of the top box, indicating that 'compare_vertex_by_name' inherits from or specializes 'std::binary_function'.

```
compare_vertex_by_name
```
