

WB4\_interface::get  
\_addr\_bus\_bitsize

```
graph LR; A[WB4_interface::get_addr_bus_bitsize] --> B[max]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'WB4\_interface::get' on the top line and '\_addr\_bus\_bitsize' on the bottom line. A blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'max'.
