

vcd\_utility::print  
\_failed\_vcd\_head

```
graph LR; A[vcd_utility::Exec] --> B[vcd_utility::print_failed_vcd_head];
```

A diagram showing a call from `vcd_utility::Exec` to `vcd_utility::print_failed_vcd_head`. The call is represented by a blue arrow pointing from the `vcd_utility::Exec` box on the right to the `vcd_utility::print_failed_vcd_head` box on the left. The `vcd_utility::print_failed_vcd_head` box is shaded gray, while the `vcd_utility::Exec` box is white.

vcd\_utility::Exec
