_analysis/IR_analysis/use  
_counting.cpp"] --> C;
```

This diagram illustrates the relationship between three source files in a project. At the top is a header file, `_counting.hpp`, which is included by two other files below it. The left file is `_step_factory.cpp`, and the right file is `_counting.cpp`. Both files are located in the same directory structure: `/home/osboxes/bambu/PandA-bambu/src/frontend_analysis/IR_analysis/`.
